## About Cell Bridge Strategies

Cell Bridge Strategies, LLC is an international growth consulting firm that helps cell & gene therapy companies bridge the path between science and business. Our team of experts, each with 20+ years of industry knowledge, guide executives through the challenges of strategy, production, technology, funding milestones and regulatory hurdles. We help companies advance their products and increase valuation while building their revenue streams. By providing the right tools and solutions we ensure companies match their core assets to optimal growth opportunities. Let us help you to succeed faster, with lower risk, and greater returns on investment.

## About Court Square Group

Court Square Group, Inc. (CSG) is the leading provider of an Audit Ready Compliant Cloud™ (ARCC) platform for Life Science companies. The ARCC cloud platform and out-of-the-box tools provide a validated and cost-effective way to manage all digital content (EDMS/documents, voice, data, and video) in a regulated and compliant environment. CSG also provides cloud-based backup solutions for data integrity and data protection for in-house systems. At every stage of the development and manufacturing lifecycle, Court Square's cloud, collaboration and regulatory submission solutions reduce costs, complexity and risks associated with sharing, storing, and submitting information for regulatory requirements. With over 1,000+ submissions and twenty-five years' experience and a 95% client retention rate, CSG has a proven track record as one of the most cost-efficient solutions in the life science market.

## About leanRAQA

Since 2010, leanRAQA has been on a mission, helping life science and medical device startups merge regulatory and business into successful commercialization strategies. leanRAQA specializes in providing simple solutions to complex regulatory problems - regulatory strategy and planning, submissions, audit preparation and remediation, due diligence, quality systems, compliance and more.
